Free On-Site COVID-19 Booster Program

We are excited to announce our COVID-19 booster vaccination program. COVID-19 booster vaccines are important because they protect against **the original virus and new variants.**

The Centers for Disease Control (CDC) recommends that all eligible people 6 months and older receive one updated booster annually.

It's becoming increasingly more apparent that when compared to doctors' offices, urgent care, and pharmacies — **corporate offices may be the safest place to receive these critical vaccinations.**
